

Master Dry Needling Course

Presenter Mr. Doug Cary FACP
Specialist Musculoskeletal Physiotherapist

What to Expect

Throughout the Anatomical Acupuncture Dry Needling Program you get more than just dry needling techniques. Doug has over 20 years full time clinical experience, helping clients to better understand and manage their problems. Along the way Doug has learned gold nuggets of useful information, which he willingly shares to assist you in treating your clients.

These include;

- Diagnostic clues
- Advanced anatomy, tissue differentiation & palpation skill
- Clinical reasoning
- Treatment options
- Client management styles
- 'Magic' muscles
- Relevant post treatment exercise programs

Course Comments

"Can't wait to use on my sports clients"

"This course was a real eye opener"

"Learned much more than I expected - Thanks"
